Planners Approve Development Of 285 Rental Units

By Susan K. O'Neill

Tuesday night, the Planning Board gave its blessing to site plans for the development of 285 units of rental housing off River Road. The project's developers have applied for a Comprehensive Permit for the project, which, if approved by the Zoning Board of Appeals, will abut land earmarked for use by Emerson College in its planned move to Lawrence.

The Planning Board approval is advisory and non-binding, and was sought by the ZBA, which is the sole town board to rule on Comprehensive Permits, as input for its eventual decision.

According to Paul Donnelly, project architect for the Corcoran Co. developers, "Riverview Commons" is planned for a 22-acre parcel at the rear of the Andover Business Park industrial subdivision off River Road. The project would comprise five buildings of five stories each.

Each building, said Donnelly, would contain three three-bedroom units, 29 single-bedroom units, 20 two-bedroom units, and five studios. Three units per building would be fully accessible to handicapped residents. All units would be rental apartments.

Four of the buildings would be clustered at the end of a cul-de-sac and overlooking a center green; the fifth would be separated from the others by wetlands. There would be a clubhouse, tennis courts, a pool, and a maintenance building on the grounds.

Corcoran Co. representative Bill Moore said that the site would be served by sewer and by water from Lawrence. The development would cover less ground than an industrial park originally planned for the parcel, he said. Furthermore, he added, although it would infringe on the 100-foot wetlands buffer, it would not do so to the extent anticipated for that industrial development.

Moore said that the parcel sits on the Lawrence city line; the land on the other side had been targeted for eminent

Rabies Clinic Scheduled At Junior High

The Town of Andover's annual Rabies Clinic for dogs and cats will be held Saturday, April 25, from 8:30 a.m. to 12 noon at West Junior High School, Shawsheen Road. The clinic is sponsored by the Andover Board of Health, Andover Animal Hospital and West Parish Boy Scout Troop 77.

Masachusetts law requires that vaccine be given to puppies at three to six months of age and repeated after one year. Thereafter, dogs must be vaccinated every three years. Cats should also be immunized according to the above schedule.

Transport cats in a cage, box or pillow case. Dogs should have a choke collar and sturdy leash.

The price for each animal is $6.

A Rabies Clinic will be held in Lawrence on May 2 at Webster's Blue Seal, 32 West St., from 8:30 a.m to 12 noon.

Glass Drive Will Be This Saturday

This Saturday, April 18, even if there's rain, snow, sleet, hail, a sudden heat wave or an eclipse, reliable Andover Recycling, Inc. volunteers will be on duty from 10 a.m. to 2 p.m. at the town's monthly glass drive. The glass collection bin will be placed at the inner end of the town hall parking lot on Bartlet Street, next to the park. Only clear and green glass bottles and jars will be recycled. They must be placed in clearly marked sections of the bin according to color.

Recycling Has Saved $14,000

After the expected winter drop in Andover's recycled paper tonnage, March figures show a substantial increase to 110.39 tons. At a conservative average tipping fee of $55 per ton, that paper disposed of as trash at the North Andover RESCO plant would have cost the town more than $6,000. Recycling has saved Andover more than $14,000 for the first quarter of 1987.

Treasure Hunt Set For Saturday

Registration deadline is April 17 at 4:30 p.m. The department reserves the right to cancel the event if a minimum of 25 individuals do not register before the preregistration deadline.

The celebration will include three events divided by age. The treasure hunt is for toys and candy around the park. Bring baskets and eggs decorated at home. Ribbons will be awarded in the egg decorating contest for most creative, most original, most colorful, best look alike, humorous and many more.

Summer Program Offered Special Needs Children

The Department of Community Services will offer the Pennacook Park summer program for children with developmental disabilities, ages 3-22, beginning Monday, July 6.

In its second year, the program promises the children five fun-filled weeks of sports and athletics (including swimming), crafts, field trips, academics, cookouts and more. Pennacook Park is held on the grounds of Phillips Academy.

Staff members Toniann Rougier and Patrick Hamiltion will return. The main goal of the program is to provide instruction and support in order that participants may enjoy more creative, fulfilling use of their free time during the summer.

Pennacook Park will run through Friday, Aug. 7, from 9 a.m. to 2 p.m. Monday through Friday. Children may register for the first session (July 6-17) or the second session (July 20-August 7) or combine the two sessions. Basic horsemanship lessons through the Challange Unlimited Program of Ironstone Farm on Lowell Street will be offered every Tuesday and Thursday from 2:30 p.m. to 3:30 p.m. The lessons are set up to coincide with the Pennacook sessions. Dr. Egmont Appointed Director

The Boston Food Bank announces the appointment of Westy A. Egmont as the new executive director. He will administer the agency and work at 70 Amory St., where the food bank has grown to be the primary link between more than 200 corporations donating edible but unmarketable food and more than 360 organizations which feed the needy in eastern Massachusetts.

"The opportunity to redistribute goods, reducing the 20 percent waste factor in our American food system and get that food to responsible pantries, soup kitchens, day care facilities, detoxification centers and shelters is a challenge and privilege," Egmont comments.

The Boston Food Bank operates out of a 23,000 sq.ft. warehouse in Roxbury where the agencies come to pick up the foods. A shared contribution system distributes the handling costs between the BFB and its related agenies. Annual donations sutain the facility and program. The BFB aims to distribute more than 4 million pounds of food this year. "A major challenge we face is to glean the salvage of the supermarkets," Egmont said. Food pantries particularly seek canned vegetables and soups, but the industry seldom donates primary foods in cans. Volunteers sort the food salvage.

Boston Food Bank is associated with Second Harvest, the national newtwork of food banks which numbers 78 and procures food donations from the major national producers as well as maintaining food bank standards and resources.

Dr. Egmont previously served as senior pastor of South Church in Andover. Known in the Lawrence area for his community concern, he helped found Covenant Housing, a non-profit housing corporation, worked as chairman of Hospice with the local VNA and served as a trustee at Gordon College. Egmont served the church during a time of revitalization as the membership grew and the buildings were entirely renovated. For seven seasons he has hosted a 7:30 a.m. Sunday talk show on WBZ-TV 4.

Georgia Mattison, chairperson of the board of directors of the BFB, welcomed Egmont, "Your vision, entrepreneurial spirit and commitment to improve the human condition will help the Boston Food Bank continue to build upon the excellent foundations of its first five years."

AMC Hosts Slide Show

The public is invited to a slide show and social at South Church, Central Street, Andover, on April 23 at 7:30 p.m. hosted by the Andover Committee of the Appalachian Mountain Club.

Kingman Webster's slide presentation chronicles a seven-day canoe trip along the entire course of the Merrimack River, from its headwaters in the north to where it empties into the sea. His photos are accompanied by a soundtrack, adding up to a presentation that is entertaining and instructive.

A social hour will follow, providing the chance to meet members of the Andover Committee, one of the most active chapters of the Appalachian Mountain Club. Several booths will be set up to provide information about the Appalachian Mountain Club, the New England Orienteering Club and other related projects and activities. A brief overview of the chapter and its activities, including the many outings it organizes, and an introduction of officers will precede the slide show. Members and the general public are encouraged to attend. There is no charge.

A Festival of Music

During the weekend, twelve bands from as near as Brewer, Maine, and as far as Virginia and Pennsylvania, converged on Andover for "Festivals of Music," a yearly Boston-based event featuring music competitions and concerts. Participating high schools competed against each other over four days in such catagories as Concert Band, Band Front, Jazz Band, Chorus, Show Chorus and Orchestra. There was even a two-band parade downtown as part of the event.

The pictures on this page depict members of the Andover Jazz Band preparing for and playing in competition Friday night. The group received excellent ratings for music, as well as an award for best saxophone section, with an overall third place ranking. Math Team On Winning Streak

Fifteen seventh and eighth grade students from Doherty Junior High School traveled to Chelmsford on Thursday, March 26, and attempted to solve such problems as: "By how much does 62½ percent of the product of 45 and 3 1/5 exceed the cube of three?" and "Simplify completely: (14+6) ÷ 16x2 - (63-(19+4) 45 9-3²." Their diligent preparation paid off as they successfully answered these and many other challenging questions in a short time period. Doherty again placed first in this fifth meet of the Intermediate Math League of Mass. competitions.

The team was captained by Mike Robinson who assisted in leading several team practices prior to this competition. Outstanding performances were also given by Greg DeBeer, Allen Soong and Peter Tavernini. An outstanding perfect score was achieved on the team questions portion of the meet. This mathematicl contest included questions in algebra, geometry, number theory and arithmetic operations.

High School Represented

Andover High School was one of 35 high schools represented at the Sonia Kovalevsky High School Mathematics Day April 6 at Simmons College in Boston. Teachers Eileen Rogers and Eileen O'Sullivan and students Eszter Vajda, Lisa Sullivan, Amy Fletcher and Shubha Bilwakesh were among the participants in the half-day program.

The purpose of the program was to introduce young women to a variety of careers in mathematics and related sciences. Students participated in a problem-solving contest and attended such workshops as "Bet on Random Numbers and Win," "Chances: Putting Probability to Work," "Computer Network Protocols" and others. Teachers discussed the applications of mathematics, shared resources and attended such workshops as "Electronics, Head Start and High School Algebra," "Women Mathematicians," "Problem Posing and Problem Solving: Doing it and Teaching it" and more.

The oldest road in the United States is the El Camino Real, which was established in 1581. It runs from Santa Fe to Chihuahua, Mexico, and is today known as Highway 85.

Eagle Scout Candidate Organizes Rabies Clinic

The Town of Andover's Annual Rabies Clinic for dogs and cats will be held on Saturday, April 25, from 8:30 a.m. to noon at the West Junior High School, Shawsheen Road.

This year, the event has been organized by Gary Rollins of Boy Scout Troop 77, West Parish Church, in conjunction with Dr Richard Lindsey of Andover Animal Hospital. Rollins is coordinating the clinic as a community project, a step toward his attainment of the rank of Eagle Scout.

Massachusetts law requires that vaccine be given to puppies and kittens at three to six months of age and repeated after one year. Thereafter, the pets must be vaccinated every three years.

Pet owners should transport cats to the clinic in a cage, box or pillowcase, and keep dogs on a choke collar and sturdy leash. The price for each immunization will be six dollars.

In addition to Troop 77 and the Andover Animal Hospital, the clinic is also sponsored by the Andover Board of Health and the Lawrence Pet Control officer.

A Rabies Clinic will also be held in Lawrence, at H.K. Webster Co.—Blue Seal Feeds, 32 West St., from 8:30 a.m. until noon on May 2.

A sizable oak tree typically gives off 28,000 gallons of moisture in a season.

Michael Dymek of Andover was among the Florida State University students receiving a Seminole Award, indicative of special service and leadership contributions to the Tallahassee school.

Balloon Rally To Highlight Open House

Hot air balloons, kite flying stunts, a craft fair and flea market and jazz bands will be among the highlights of a day-long open house at Northern Essex Community College, Haverhill, on Saturday, May 2.

"The Sky's the Limit at Northern Essex" is the theme for the events which will kick-off with the launching of 10 hot air balloons shortly after dawn.

The day will feature activities for the entire family as well as on-the-spot registration for summer and fall classes.

Among the events will be a kite-making workshop, classroom demonstrations and displays, lift-off pancake breakfast, international foods, a Kiwanis bike rodeo and photography contest.

Professional kite-flyers will perform kite-flying stunts and demonstrate a number of unique kites, including a five-foot-high, three-dimensional kite shaped like a clipper ship.

Cultural events will include performances by Still Point Dance, the New England Conservatory Brass Quintet, the 12-piece Caribbean band La Gran Familia, drama presentations, a festival of high school jazz bands and The Souls, a popular local rock band. There will be an afternoon karate display and demonstration.

All events will be free. There will be a charge for food and other purchases.

To acquaint visitors with special educational opportunities and classroom facilities, a number of faculty representing academic and continuing education programs and courses will put on demonstrations and answer questions.

The hot air balloons will take off around 7 a.m. and again about 5 p.m., according to Ed Lappies, the balloonmeister who will coordinate the flights.

"You'll have to be an early riser to see the morning launch," he said. Balloon flights are regulated by the Federal Aviation Administration which only permits the balloons to be in the air for three hours after sunrise and three hours before sunset. Early risers can attend a pancake breakfast after the lift off and before participating in the rest of the day's events.

All balloons will be flown by licensed pilots. Local businesses will help subsidize the open house by sponsoring individual balloons and there will be a raffle for one balloon ride.

The balloons will not take off if it is raining or too windy, according to Lappies. The final decision is determined by the balloonists' safety officers. All other events, except the kite flying, will be held rain or shine.

Present and prospective students interested in enrolling for summer and fall credit and non-credit courses will be able to do so during the open house. Representatives from the financial aid and admissions offices will be available.

There is plenty of free parking on campus and buses will take people without transportation from Central Catholic High School in Lawrence to the college. Northern Essex is located just off Route 495, exit 52.

Anne Oakes of North Reading and Andy Ohotnicky of Andover will sing "The Indian Love Call" made famous by Nelson Eddie and Jeanette McDonald in Reading's Colonial Chorus Players' spring production, "Let's Go to the Movies!," a musical salute to Hollywood and the musical movie.

They will also sing "Over the Rainbow," "Zippidi Doo Dah" and "When you Wish Upon a Star" with some 50 plus cast members.

The show, which features more than 50 of Hollywood's best songs and dances, will be held April 17, 18, 24 and 25 at the Joshua Eaton School in Reading at 8:15 p.m. A special Sunday matinee will be held April 26 at 3 p.m.

To Present Wilde Comedy

Oscar Wilde's comic masterpiece "The Importance of Being Earnest" will be presented by the Merrimack Repertory Theatre, Lowell, April 24-May 16. Considered by many to be one of the finest comedies ever written, Wilde's social comedy features rapier wit, mistaken identities, young lovers and an incredible battle-ax of an aunt.

Kevin Black, who appeared in the New York Shakespeare Festival's production of "Twelfth Night," will play Algernon Moncrieff, Wilde's paragon of idle gentlemen. Dee Nelson plays Cecily, Algernon's innocent love interest. Nelson recently appeared in the Boston premiere of "Quartermaine's Terms." Lady Bracknell, Algernon's aristocratic aunt, will be played by Alice White who appeared as Mrs. Cratchit in MRT's prodcution of "A Christmas Carol." Curzon Dobell will play Algernon's foil and friend Jack Worthing. He recently appeared in "Hamlet" at the Asolo Theatre in Florida. Gwendolen Fairfax, a young lady exact and alluring in her affections, will be played by Stephanie Clayman who appeared in "Hard Times" at the Gloucester Stage Company.

M. Lynda Robinson will appear as Miss Prism, Cecily's governess. She was recently seen in "Shear Madness" at the Charles Playhouse and in MRT's "The School for Wives." The Rev. Chasuble will be played by John Milligan, a veteran of many Broadway, Off-Broadway and regional productions. Gary-Thomas Keating will play the roles of Lane and Merriman, the manservant and butler. Last season he appeared in MRT's "Something's Afoot."

The play will be directed by Richard Rose, former associate director who directed the award-winning "A Little Night Music" and last season's smash hit "Something's Afoot" and who recently assumed the post of managing director at American Stage Festival in Milford, N.H.

The set has been designed by Dale Jordan, whose Off-Broadway credits include "The Death of a Miner" and "Sea Marks.' Costumes and lights will be designed by Amanda Aldridge and John Ambrosone, respectively, MRT's resident costume and lighting designers.

The theatre is located in Liberty Hall, part of Lowell's Memorial Auditorium complex in the historic downtown district and is accessible for the handicapped.

Performances are Mondays and Wednesdays through Saturdays at 8 p.m., Sundays at 2 p.m. and 7 p.m. and Wednesday matinees at 2 p.m. on April 29 and May 6. School matinees are scheduled for Wednesday and Thursday, May 13 and 14, at 10:30 a.m. Group rates are available. Reservations are available through the box office.

CHOOSING A DISHWASHER

Thanks to technological advances, today's dishwashers clean better than ever before. Dishwashers have two - or three-level washing systems to give thorough cleaning action in all areas of the tub. There will be a rotating spray arm in the bottom of the tub, a water tower or second spray arm between the racks, and possibly a third spray arm in the top of the tub. All dishwashers have a detergent dispenser that opens automatically during the wash cycle. If the water supply is hard and dishes tend to spot or streak, choose a model with a liquid rinse dispenser. Also, ask about the filtering system. Self-cleaning filters are a convenience because they do not require hand cleaning. Lastly, dishwashers may have either soft-food or hard-food-type disposers that allow the loading of most dishes without pre-rinsing by hand.

Naturally the most important feature you seek in a dishwasher is performance. Once that is settled, attractiveness is second on the list. Today there are panels to coordinate with your cabinets. If you're changing your cabinets and appliances, you can select a perfect blend at WINDSOR KITCHENS. We feature quality wood cabinets in traditional, European and colonial styles, plus the AEG line of appliances. Our other forte is the individuality of each design for every kitchen we do. Visit our beautiful showroom at 1181 Boston Rd., Ward Hill. Wed 9-8; Thursday 9 to 5:30; Friday 9 to 5:30; Saturday 10 to 2; Sun., Mon., Tues., closed or by appointment. Tel 372-3444 *Have a happy Easter Holiday*

HANDY HINT:

Some dishwashers feature a metered fill system for detergent.

Juried Flower Show At Andover Historical Society

The Andover Garden Club will present a standard flower show, gift boutique and plant sale at the Andover Historical Society, 97 Main St., on Friday, May 1, from 12 noon to 5 p.m. and Saturday, May 2, from 10 a.m. to 4 p.m. Members will exhibit in several categories and will be awarded prizes on the basis of carefully detailed "scale of points" by a panel of visiting judges.

The Andover Garden Club is a member of the Garden Club Federation of Massachusetts, Inc. and a member club of the National Council of State Garden Club, Inc. The club is in its 59th year of programming.

Mrs. Robert H. Lange, president of the club, is chairing the flower show. Mrs. Lange, who travels and lectures extensively, is a member of the flower show evaluation panel for the Garden Club Federation of Massachusetts, Inc., a master judge and a member of National Council Landscape Design Critics. She has selected "Familiar Things" as the show's theme.

Several categories will reflect the ambiance of bygone eras. The design division will include five classes to be interpreted by member exhibitors: "A Mayday Greeting," "Gracious Hospitality," "Mantel," "Busy Hands" and Elegant Attire." Each class will have four entries.

The division which will represent the club's Junior Garden Club includes three challenges: "Scholar's Helper," "Hot Stuff" and "Finished Work." Young designers will work with a slate, mug and inkwell provided by the committee.

An exhibit of favorite house plants of the 19th century will also be featured as part of the show.

The horticulture committee will present a variety of flowering branches, broadleaf evergreens in bloom, narcissus, tulips, minor spring bulbs and a display of perennials.

In the Cheever Room there will be a special exhibit of flower-filled epergenes created by club members. This exhibit will be non-competitive.

The show will include a plant sale from members' gardens and homes. There will be a "boutique," including a selection of unique objects including black metal miniature reporductions of the Historical Society's weathervane horse symbol, colorful May baskets, terra cotta containers and many attic treasures.

Thirty-one active members comprise the committee for this major presentation. The schedules were prepared by Mrs. Ralph H. Hill and Mrs. Norman C. Frost. Mrs. George C. Monks, Jr., Mrs. Thomas Noyes and Mrs. James Cowdery are coordinating the boutique area. Mrs. Vito Frazzette is design chairman. Mrs. Irving E. Rogers, Jr. will supervise the education division of the show and Mrs. Michael Brink is handling all entries for design. Awards will be the responsibility of Mrs. Franklin P. Swain, Jr. Mrs. John Boshar and Mrs. Robert Wright are in charge of all horticulture displays.

Refreshments are included in the price of each ticket. Ann Caspar and Mrs. Paul Cook will supervise visitor hospitality. Mrs. Edmond Russell will handle all hospitality for visiting judges and Mrs. John F. Battles will assign garden club members to act as hosteses for each room in the museum where designs will be on display.

Tickets may be purchased at the Andover Historical Society both days of the show, at Jordan and Batal Interiors, 77R Main St., and The Andover Flower Shoppe, 74 Main St. All club members will sell tickets and purchases can be made by calling ticket chairman Mrs. Anthony Sakowich.

The four o'clock flower gets its name because its flowers open late in the afternoon and close in the morning.

South Church's Mission Week Concludes With Walk

South Church's annual Mission Week will begin April 26 with a keynote speech by a World Vision expert on community development in Africa, and end May 3 with the church's participation in the 20-mile Boston Walk for Hunger.

South Church walkers will meet at the church, 4 Central St., at 6:30 a.m. for a prayer meeting and leave at 7 a.m. by chartered buses for the starting point on Boston Common in front of the State House.

Sponsors as well as walkers are still needed to pledge a certain amount of money for each mile a walker achieves on the journey through Boston, Brookline, Newton, Cambridge and back to Boston Common. It is hoped that the walk, which is sponsored by Project Bread, will raise $2,000,000 for food for hungry people in Massachusetts and other parts of the world.

More than 200 local organizations, including soup kitchens, food pantries, shelters and nutrition programs benefit from the walk. Among them are Bread & Roses, Lazarus House, Neighbors in Need and Si, Se Puede in Lawrence and House of Hope, Open Pantry and St. Julie Asian Center in Lowell.

Roxanne (Mrs. Donald) Barry of Andover is making arrangements for walkers from South Church. Persons interested in walking or sponsoring a walker may contact her.

Sam Voorhies, director of 40 community development projects in six African countries for World Vision International, will be the speaker at 10:30 Worship on April 26. At 11:30 fellowship hour there will be a Missions Fair with exhibits for the various missionaries and mission projects which South Church supports.

Ecumenical Service Friday

Andover's annual Ecumenical Good Friday Service will be held at St. Augustine's Church from 12 noon to 1 p.m. The Rev. William Mullen of St. Robert's Bellarmine Church will be the preacher with clergy from various churches participating. The community is invited to share in this service which commemorates the crucifixion of Jesus Christ.

Phillips Hosts Peace Service

Peace in Central America will be the foucs of an ecumenical service of readings in Phillips Academy's Kemper Chapel on Tuesday, April 21, at 8 p.m. The seventh in a series of nine monthly peace services sponsored by the Andover Ecumenical Peace Group, the service will be open to the Andover community.

Rabbi Everett Gendler of Phillips Academy will present a meditation and fellow chaplains, Father Frank Vye and Rev. Phillip Zaeder will share readings. Laura Bewig, Class of 1987, will perform a soprano solo and faculty member Carolyn Skelton will provide organ accompaniment.

Rabbi Gendler has been an active worker for peace for 30 years. A founding member of the Andover Ecumenical Peace Group, he joined with members of the Andover Clergy Council and interested laity to organize local peace services in 1984. Fr. Richard Gross, now on sabbatical from Phillips Academy, helped author the Andover Peace Covenant, a personal covenant with God to pray for, study and discuss the issues of peace and join in support of all others working for peace.

Light refreshments will be served following the service. A copy of the Andover Peace Covenant will be present for members of the community not affiliated with one of the participating churches. Kemper Chapel is directly beneath Cochran Chapel.

Offering Will Aid Victims

Easter worshippers at the Ballard Vale United Church (a United Methodist and United Church of Christ congregation) will have an opportunity to remember the victims of the floods in the Merrimack Valley as well as in Maine and New Hampshire with a special Easter offering. United Methodist Bishop George Bashore of the Boston Episcopal Area has asked that all United Methodist churches receive such an offering which will be sent to the United Methodist Committee on Relief.

A Family Celebration of the resurrection of Jesus Christ will be at 10:30 a.m. The Rev. Gary S. Cornell will have "Joy," based on the Easter story in Matthew's gospel, as his Easter message. There will be special choral music and the singing of well-known Easter hymns.

Computer Plan Approved

By Susan K. O'Neill

At last Tuesday night's session of Town Meeting, the Andover school department won its bid to bring town children into the high-tech age with a comprehensive computer plan. Residents approved the $1,500,000 article—for a phased five-year plan that will include the purchase and installation of computer hardware and software, and will fund specialized staff training—by a vote of 455 to 50.

The victory followed on the heels of a defeat—the Monday night vote to limit the 1988 school budget increase to seven percent. The School Committee had asked for an eight percent increase, charging that the additional funding was necessary to maintain the town's quality of education at its present level.

In his presentation of the computer plan, School Committee member David Birnbach cited data that compared Andover's student-to-computer ratio (1:69 at the elementary level; 1:30 at secondary) with those of systems in Lexington (1:25 and 1:13, respectively) and Lawrence (1:16 and 1:14). Andover's goal after five years would be a ratio of 1:6 on all levels, he said.

Through the prospective program, said Birnbach, Andover students would learn to understand computers and how they process data and solve personal, business and scientific problems. They would learn how to access, manipulate and store information by using the machines.

Birnbach added that the program's progress would be monitored by an external advisory committee, and by the School Committee—which would have to approve each component of the plan—and would be summarized in the School Committee's annual report.

In order to get the best price on the equipment, said Birnbach, requests for proposals would be sent to all area vendors.

Stinson Road resident William Coderre questioned the five-year life of the plan, given that, he said, "In terms of the computer industry, two years is like a generation."

Birnbach explained that, in order to deal with potential vendors, the school department needed a commitment "up front," after which it would be able to build the program step by step over time.

"And you'll bond the entire amount at one time?" asked Coderre.

Town Manager Kenneth Mahony said that the details of the bonding—and even the necessity of bonding the program—were yet to be determined.

Coderre persisted. "You feel confident that you know the economic picture for the next year?" he asked Mahony.

"Yes," said the Town Manager.

"I think that's a little more bravado than intelligence," said Coderre.

Coderre charged that, while he had no problem with a well-laid-out plan, he had seen nothing about the school's plans in the local media. He said he would have welcomed a broadly-based comparison of Andover to other communities in regards to computer situations, "However, I don't think a selected presentation aid that shows three communities is reasonable."

Former School Committee member Michael Giamusso explained that the plan was shaped during the committee's regularly-scheduled meetings. "It was at public sessions; they are on cable T.V.," he said. "There are no secrets here—it's very well documented and very well researched."

Giamusso added, "At times, you hear people up here say, 'trust us.' I guess that's what you have to do."

York Street resident Bob Wescott voiced a plea for more emphasis to be placed by the schools on basic skills and citizenship—qualities he, as an owner of a small business, has found lacking in local youth. "I submit to the committee that computers are not going to solve that problem," he said.

Selectman John Scileppi agreed that liberal arts and the humanities are important in education, but added that students who are not adequately prepared in computer sciences graduate "light-years behind."

The school system also won approval for funding of a master plan—an appropriation placed at $25,000—by a vote of 320 to 208.

Tuesday night's assembly also approved a $1,000,000 appropriation for land acquisitions, and authorized nine such acquisitions—including a parcel of land located between Elm, Pine, and Summer streets and Washington Avenue. The parcel had been considered previously for development by Paul Bruk under Comprehensive Permit.

The Dakotas were named for the Sioux Indians who once roamed the territory. The Sioux called themselves Dakota, meaning allies or friends.

Quorum Questioned But Vote Holds On Town Buying Land

By Susan K. O'Neill

Proponents of the first of two articles that would pave the way for town-monitored building of low-cost housing held their collective breath at last Wednesday night's Town Meeting session, when an opponent called for a quorum count during the vote. It was close, but the count numbered the resident crowd at 356—six more than the required quorum of 350—and the article passed handily, 257 to 48.

Article 65 requested authorization to acquire, or to take by eminent domain, a total of 60.8 acres of land located between Route 93 and the Tewksbury town line for potential affordable housing development. Selectman William Dalton explained that the town has proposed the development in order to boost its affordable housing ratio beyond 10 percent of its total housing stock. If the ratio falls below that figure—as it now does—the state allows developers to build lower-cost housing through a Comprehensive Permit, which disregards the effects of local zoning regulations.

Andover now has at least eight Comprehensive Permits pending, said Dalton. "I think it's safe to say that Comp Permits have not met with vast public acclaim," he said.

He added that the property specified in Article 65, and in a following similar article, would not provide the perfect location for affordable housing; there was, in fact, no perfect location. However, he maintained, the parcels were suitable for building and acceptable to the town and surrounding communities, and they would be targeted for private development under Comprehensive Permit in the event that the articles should fail to pass.

Town Manager Kenneth Mahony said that the town would not actually buy the land, but that it would use the power of eminent domain to ensure that it was bought by a developer who would agree to build only affordable housing to the town's specifications. Of those specifications, he said, "We're not talking about Columbia Point." The condominiums would be owned by those who lived in them, he said, and would appeal to such people as the elderly, first-time home buyers, and town police officers and firefighters—"people," he said, "like you and me."

Mahony estimated that the units would be built at an average density of four or five per acre, and that plans would allow for a substantial amount of open space.

Asked if there would be developers who would be willing to develop land bordering the flood-swollen Shawsheen River, such as that offered in the second housing article, Mahony said, "Believe me, there are developers—there are developers who would do the *bottom* of the Shawsheen River." Under town-monitored planning, he added, the river banks would remain free of devel-

This Is Spring?

After floods and continued rains of a week ago, a pleasant weekend was followed by, of all things, snow on Monday. Here, a postal patron is veiled in the sudden onslaught of the white stuff which failed to accumulate, but made for some uncomfortable walking and driving conditions.

North Street, River Road Development Is Proposed

By Karen L. Day

Winn Development of Boston has recently filed the second largest comprehensive permit proposal yet in Andover, for 36.41 acres of open space at 120 North St., with frontage on both North St. and River Road. This development is across North St. from the Northwoods comprehensive permit development petition currently being heard by the Zoning Board of Appeals for 48 units on 4.85 acres.

The largest proposal submitted thus far is for Riverview Commons, consisting of 285 rental units on 22.4 acres with frontage on Andover Business Park Drive. Town Planner Stephen Colyer expects that two other proposals, one for 78 units on six acres with frontage on Sparkle Drive and the other for 150 units on five acres along Dale St., will be submitted in the next week or so.

Winn Development is proposing 241 units spread among 22 buildings, with an additional building to house a community center which will include a daycare center.

Twenty-one of the buildings will be two, three or four-story townhouse units attached to a three-story block of six flats with a common entranceway. A total of 193 family units, both affordable and market rate, will be contained in these buildings. It is expected that the outer townhouse units will be those sold at market rate. The final housing building will be five stories, to allow an elevator, and will accommodate 48 elderly housing units.

Elderly units will be broken down to include equal numbers of one and two-bedroom units, 24 of each. The remaining subsidized units will consist of 48 two-bedroom family units, for a total of 96 "low-to-moderate-income" units.

Market rate units will be broken down into 78 two-bedroom family units and 67 three-bedroom units.

In addition to the community center, other recreational facilities include a pool and tennis court. Parking will consist of 461 spaces arranged in "pods", rather than one large parking area, amounting to two spaces per family unit, one space per elderly unit, and one visitor space for every nine units.

Although, overall, it is one of the largest plans yet, it is one of the lowest density proposals to date. Roads and parking areas will consume 14 percent of the total square footage and buildings will cover only 7.7 percent of the property, averaging out to a density of about six units per acre.

Capital Drive Begins

The Andover ABC program, "A Better Chance," kicked off its capital campaign to raise funds for the newly renovated ABC House, located at 134 Main St., with an open house last Saturday afternoon. The program is also celebrating its 20th year in operation in Andover this year.

Pictured clockwise from upper left: Resident Directors Barry and Patty McCloskey are surrounded in front by ABC students Lourdes Ascona, Tara Jefferson, Janis Wilson, Jennifer Lee, and in the rear by Johanny Rodriguez, and Arminta Thompson, outside the newly renovated house; Bruce Scherr, president of Andover ABC, discusses the extent of the now completed renovations; Margaret Bixby, a long-time ABC board member, advisor, and member of the National ABC staff in Boston, spoke about the overall role of the program in society; Bob Klie recounts ABC's 20-year history in Andover; and Seniors Lourdes Ascona, behind the balloons, and Adrienne Everhardt talk about their three-year stint as ABC students in Andover.

Town Will Have Fourth Fireworks

Board of Selectmen Chairman Gerry Silverman received a great, big gift from Wednesday's Town Meeting assembly.

Since last summer, Silverman has waged a private campaign for contributions to light up Andover's skies on July 4. His trademark white-paper-covered coffee cans, the plastic tops slit to accommodate coins and bills, have turned up next to cash registers in most downtown businesses; they have attended Selectmen's meetings more faithfully than many members of the board.

Wednesday night, after debate that ranged from the grandiose to the grumpy, the assembly voted to pass Article 41—effectively apropriating a sum not to exceed $8,500 for this coming Fourth's pyrotechnical display.

The Finance Committee had recommended disapproval of the article. "By now, you must know it's time for a bah-humbug speech from the FinCom," began Finance Commitee member Rusty Dunbar, to the laughter of the crowd. She shook her head, musing, "All these little boys grow up and have to have fireworks."

Dunbar reiterated the committee's desire to protect the town's "free cash." By spending money on fireworks, she explained, the town would be setting a skewed priority—taking funds from more worthy projects, like the buying of school books or the repair of roads ("And I know *what* roads," she added).

Resident Paul Cronin leapt to the article's defense. Billing himself as "one of those little boys who grow up and want fireworks," Cronin said that pyrotechnics constituted a noble tradition in America, one championed by George Washington and Thomas Jefferson—both of whom, he maintained, were known to have *made* fireworks.

Washington had urged citizens to celebrate their freedom with displays of fireworks, said Cronin. "I really think it's a duty of government to remind its citizens how that freedom came about," he declared.

To Dunbar, he added that the money would not divert funding from roads—"not even from books; we both know that." Rather, the money was a contingency, in case Silverman couldn't raise the required amount by donations before it was needed.

Dunbar countered that Andover had once had fireworks, but had stopped because of a "rather serious accident," which had cost the town a liability insurance settlement.

Ultimately, flash won over cash, and the article passed overwhelmingly by a show of hands.

Down The Years With The Townsman

75 Years Ago — April 1912

The Andover Historical Society will hold its semi-annual meeting on Monday evening at 8 p.m. in the lower town hall. Dr. C. E. Abbott will read a paper on Old New England Customs. The public is, of course, welcome.

The Punchard school baseball nine was defeated by the Stoneham High team last Friday evening by the score of 6 to 4. They will play the Alumni team on the playstead at 9 a.m. Friday.

An entertainment of rare merit is being arranged for presentation in the town hall, Andover, on a Tuesday evening next month. It will be a Pageant of the Seasons, under the direction of H. Winthrop Peirce, and plans are well underway.

Parents can serve the comfort of pedestrians, particularly on Main St., if they will warn their bicycle riding sons and daughters that such riding on the sidewalks is forbidden by law, because it is dangerous to the people for whom the sidewalks are maintained.

Superintendent of Streets Smith is doing some excellent work in street cleaning. It is good to see this preliminary spring endeavor accomplishing so much along the lines of a more cleanly Andover.

50 Years Ago — April 1937

The installation of telephones in the various schools was one of the subjects brought up at the meeting of the Parent-Teacher Association Monday night. At present, the only schools having telephones are the junior and senior high schools.

The state civil service commission this week set the date for the examination for call firemen and for police officer, the former at the request of the fire chief, the latter at the request of the Selectmen. The call firemen test will be on June 1 and the policeman test on June 5. Age limits for both are 21 and 35.

Many persons have been interested in the Richardson school and have given their time and attention to see that the trees were trimmed and the rubbish cleaned up.

"Fellow Travellers I've Met" was the subject of a talk given last night at the meeting of the A. P. C. Sorority by Principal Nathan C. Hamblin of the high school.

Many parents and friends of the children of the Shawsheen Community Sunday School met in Balmoral hall for the last service of that organization on Easter Sunday afternoon. The Sunday school had been in operation for a dozen years.

25 Years Ago — April 1962

Little League will officially open the season Saturday, with an opening day doubleheader at the Playstead. Ceremonies will begin at 1 p.m. and will mark, not only the opening of this season, but also the tenth anniversary of the community's involvement in Little League baseball.

Raytheon's off-street parking problem is, we suppose, a community problem as well as a private one, with which the Company must come to grips. The facts are not hard to understand—Route 495 land-takings will chop off more than 120 Raytheon parking spaces from a lot that is already overcrowded.

McDonald's System, Inc. of Chicago plans to build a drive-in type stand on North Main St., near Franz Package Store. The facility will set back 30 feet from the street according to plans submitted to the Building Inspector Arthur Peatman.

In commemoration of Arbor Day, at the end of the month, the Andover Garden Club has planted six weeping purple crabapple trees on the Essex St. side of Memorial Hall Library.

New boundary lines for the elementary school under construction on Lovejoy Road were taken under consideration by the School Committee at its last meeting. Supt. of Schools Edward I. Erikson outlined some proposed boundaries that would bring 344 students into the new structure next September.

10 Years Ago — April 1977

Shawsheen School—in fact all neighborhood schools and their districts—will remain intact next year, despite declining enrollments. The School Committee has voted to delay former member Frank Griggs' proposal that the Shawsheen be phased out over the next two years, so that the elementary schools will not be disrupted next year.

The Selectmen Tuesday night voted not to attempt to act on filling tha vacancy created by the resignation of Alan F. French until after Town Meeting in May. The board has issued a call for applications from interested townspeople.

Jim Doherty Gets Upstaged By $7 Item

By Susan K. O'Neill

The 1987 Town Meeting. When people think back on it, they'll probably remember, first, its length.

Those townspeople who were at the second session will also, certainly, remember the aerobic benefits they reaped from jumping up for standing votes on each and every land-taking article—exercise prompted by a few opposing votes to issues that, in other years, go largely unchallenged.

Not all of those hours of democracy were dry, however. The meeting had its charm—much of which was, as usual, the bailiwick of Moderator Jim Doherty.

Doherty's been running the show for years. He's relaxed; he's quick with an aside, even at the expense of poking fun at himself. Take, for example, the opening session this year when, after informing the crowd that there would be "no smoking—of *anything*—in the hall," he dutifully read an essay about the responsibilities of a Moderator.

By tradition, he read, the Moderator is "chosen because of his knowledge, fairness and moderate temperament."

He paused a beat. "Boy, have we gone downhill," he said.

He used his wit to try—usually in vain—to move things along. When Planning Board member Susan Stott reeled off her tedious street acceptance articles more quickly than her colleague/co-presenter had his, Doherty mused, "You move a little bit faster than (Paul) Curley—I think we'll give you *all* this stuff."

In spite of his skill, however, Lake Andover's once-a-year Garrison Keiler can be upstaged. And, on opening night this year, he was.

It happened on Article 11.

Article 11 was one of those automatic, mundane formalities that grace the first part of each year's warrant—a request to use "a sum not to exceed $5,000" from available funds to pay any bills left over from last year. This year, the request was even more humdrum than usual—so much so that Selectman Bill Dalton called it "the most inconsequential article of the night."

The article's lack of consequence, explained Dalton, lay in the fact that the amount to be appropriated—upon the approval of no less than a required four-fifth's majority of the assembled voters—was seven dollars.

After the townspeople stopped laughing, Doherty opened his mouth to call for a vote. Atty. Bob Zollner, who acts as legal counsel for town boards, raised his hand.

In it was seven dollars.

Zollner pressed the money on the moderator in a generous attempt to balance Andover's budget. But democracy is democracy—and Doherty refused to withdraw the article.

The vote was unanimous—even the Finance Committee could find no fault with the appropriation.

Before Zollner could retrieve his seven bucks, it might be noted, Gerry Silverman, the Chairman of the Board of Selectmen, laid claim to it. With a big grin, he crammed it into the little white can he had placed on the table to collect for his pet project, July fourth fireworks.

For Those Of Us Who Are Older

By Janet D. Lake

Next week is pot luck lunch time. Have you signed up for this April 24 event? You need to if you intend to participate. There is no hot lunch program next week because of school vacation and the pot luck lunch will take care of one of those days. If you can't think of anything to bring, call the staff at the center. They're good at making suggestions. If there is nothing you can or want to contribute, you may come any way for the payment of $3. The food is always good and, of course, the companionship superior. It starts at 11:30 a.m.

You need to to know, too, that any day school is cancelled there is no hot lunch program, no classes and no meals on wheels. This last — no meals on wheels — is specially noteworthy since those who depend on the service will have to make other arrangements for food that day. When the schools are shut down, there is simply no one to prepare the food. You are reminded of this with regret, but as of now, it is an insurmountable problem.

The Spring Fling, originally scheduled for April 8, has been rescheduled for April 28. If you already have tickets for the 8th, they will be honored on the 28th. This rescheduling was necessitated by the school closing because of the floods.

More people mumbling these days? People need to speak up more? Do others think you keep the TV too loud? Maybe it is time to get your hearing checked. You can do that free at a hearing screening program on May 12 from 2 p.m. to 4 p.m. at the senior center. Call 470-3830 (the senior center) for an appointment. You'll be glad you did. You might find that it isn't you at all; people do mumble. But, if it is your problem, there is help available. Some of Andover's best people wear hearing aids—like me, for instance. When you can hear, it not only helps you directly, it helps all those who come in contact with you. Why not call the center right now?

There is still room in some of the new classes coming up shortly. Stop by the desk at the center and look at the list. You're bound to find something interesting to learn or do and the costs are modest. The town requires that user fees support the cost of courses, but every effort is made to keep them minimal.

You are reminded that the center will be closed April 20 in honor of Patriot's Day.

Appreciative Of Prayers

Dear Friends Of Andover And Parts Beyond:

Some of you are mailing cards to Scott care of Lawrence General Hospital and I'm truly grateful. However, I thought it opportune to let everyone know that he is currently "inching" his way along the road to recovery at the New England Rehabilitation Center in Woburn. He finally spoke on March 30 and now constantly asks us to take him home. We understand if he continues to work as hard as he is right now with the therapists, he will get his wish before Memorial Day arrives. After that, he will, of course, receive therapy as an outpatient and spend the summer months and beyond striving to regain his full mental capacity. Damage to the brain is not easily overcome.

So many of you have been praying for Scott and I believe in my heart that the reason he has reached the point he is at today is due in large measure to the awesome power of prayer. Whilst I shall be eternally grateful to the many doctors and nurses who cared for him at Lawrence General Hospital, it cannot be denied that our prayers have been heard when one sees the inexplicable progress Scott has made since the accident. I plead with you to continue praying for him.

Your love and support for me and mine has also been overwhelming and my eyes fill with tears every time I read and then re-read your cards and letters which overflow my fireplace, stereo and coffee table. This Brit had no idea that so many people cared until she really needed their support and whilst I know I will never forget this very difficult time in our lives, nonetheless it will forever be cushioned with memories of the love I truly felt at the time flowing forth towards me and mine from so many of you.

Thank you.

Teachers Present Goals

By Karen L. Day

At the request of the School Committee, Ed Bennett, president of the Andover Education Association, presented his bargaining unit's 1987-1988 goals Tuesday night.

Before presenting numerous proposals, Bennett expressed certain topics that were of concern to the membership.

A lack of information, Bennett said, has brought about low teacher moral. He also commented that the only time the administration listens to suggestions from the trenches is when those suggestions are in agreement with the administration's policy.

The association requested the opportunity to provide input on curriculum work and feels that directed professional days should be conducted after school or during the summer, so that classrooms are not abandoned, especially with the current substitute teacher crunch. In addition, he said, no new programs should be implemented without proper training and materials up front.

"Teachers support the investigation of other types of teaching," Bennett commented, and the association is not happy with the assumption that most teachers employ simple lecture method. "Don't fix it if it isn't broken," he said, and then stressed the importance of low teacher-pupil ratios in the classroom.

Bennett pointed out that a majority of the courses proposed to be cut at the high school level would be causing the end of a comprehensive educational program and a leaning toward strict academics. This type of program would leave business and industrial arts students out in the cold, he commented.

The association president then offered numerous suggestions and proposals to the committee.

Teachers would like to have notice of a new program one year in advance of its implementation and favors the proposal made some time ago by Committeeman David Birnbach to hold teacher training sessions during the summer.

To improve communications, Bennett suggested that there be a representative of the association sitting on the school committee in a non-voting capacity, as does Lisa Horgan, a representative of the high school students. In addition, he suggested that a school committee member be assigned as liaison to the association and that Superintendent Kenneth Seifert attend the first half-hour or so of each A. E. A. meeting. The association, said Bennett, is also interested in participating in informal "work meetings" with the school committee.

The association agreed with Seifert's goal of being more visible within the school buildings, paying more regular visits. Bennett also requested that administrative employees be trained in giving positive reinforcement to the teachers, in that it may help improve morale. The teachers are also requesting the opportunity to evaluate administrators before they are given tenure.

Teachers would like to see a greater amount of the budget dedicated to the purchase of texts, supplies and educational materials.

Finally, the association requested that all study committees be open to any interested teachers, instead of the administration hand-picking those who will participate.

In conclusion, Bennett commented that the association will continue to poll teachers and will be making further suggestions as they come to light.

Warrior Nine In Split

The Andover varsity baseball team started the season with a split of its two non-league games.

The opening game was a well played 4-1 victory over Danvers. Glen Allard pitched very well going the route and throwing only 73 pitches in seven innings. He allowed 5 hits, 2 walks, 3 strikeouts and 1 earned run. Chris Concemi and Rick Lafond made some excellent defensive plays in the outfield while Cam Deery handled a few chances flawlessly at third.

All of Andover's offense occured in the first inning. Lafond started things off with a single, Chris Sapuppo followed with a single and Tom Murray singled, scoring both Lafond and Sapuppo. Allard then reached on an infield error, putting runners on second and third. This was followed by a long sacrifice fly by Concemi. Deery ground out, but Steve Howes followed with a run-scoring single.

Other players who hit safely in the game were Allard and Concemi.

The following day the team played Tewksbury. Andover jumped to a 2-0 lead in the first inning. Lafond singled and stole second and, with two outs, Allard's single scored Lafond. Concemi followed with a double, scoring Allard all the way from first giving Andover the 2-0 lead.

In the second inning Scott Wallace walked and stole second, Lafond singled, putting runners on first and third. Sapuppo followed with a sacrifice fly making it 3-0.

Tewksbury made it 3-2 in the fourth and 5-3 in the fifth.

Andover got two more in the fifth which could have been more except for poor baserunning. Sapuppo singled to lead off. Murray followed with a single, but Sapuppo was thrown out going for third. Allard followed with an infield single which was thrown away, putting runners on second and third. Concemi had a 2 RBI single scoring both Murray and Allard.

Tewksbury scored the winning run in the seventh on a walk, misplay bunt and a base hit.

Barry Connors pitched pretty well in a losing cause. Lafond and Concemi each had three hits in the games, while Howes and Allard had two apiece.

Lady Warriors Edged

By Karen Mitchell

The Andover High School varsity softball team traveled to Reading last week to be handed their first loss of the season. Reading has been the reigning state champs for the past two years and Andover battled long and hard only to lose 5-0.

Co-captain Melissa Hurley pitched a full seven-inning game, giving only five hits and five walks. She pitched more than 100 pitches, with 50 percent being strikes. For defense in the infield were co-captain Karen Mitchell, Lisa Fossella, Ann Marie Charland and Karen Del Sarto who held the team together at first base by stopping everything

Seven runners were left on base, which could have made the difference in the game, had it not been for Reading's strong defense. The girls were not all fanned by the pitcher, but their infield played so tightly and well together that the blue and gold just could not make it on base, especially because of Reading's powerful short stop and captain who grapped everything.

Junior Warriors Open With Split

By Dan Grams

The Andover High School junior varsity baseball team opened their 1987 season by splitting a pair of games last week. Backed by the solid pitching of John Russell and timely hitting of Matt Pothier, the junior Warriors slipped by Danvers 4-2 in their season opener. A hot-hitting Tewksbury squad upended Andover 11-4 the followng day.

Andover 4- Danvers 2

Sophomore righthander John Russell turned in an outstanding peformance limiting Danvers to for hits while fanning 11 and walking five.

After spotting Danvers an early one-run lead, Andover erupted for four runs in the fifth inning, sending 11 batters to the plate.

Paul Demarco got things going with a lead-off walk. Peter Kannam, pinch-running for Demarco, stole second and scored on Dan Ferris' RBI double. Jackie Dalton followed with a single to right to plate Ferris. Matt Pothier followed with a hot shot up the middle to score Dalton, giving Andover a 3-1 lead.

Following a walk to Andy Weiner, John Glynn delivered a towering sacrifice fly, capping off the four-run Warrior uprising.

Danvers picked up a single score in the sixth stanza, but Andover hung on 4-2.

Tewksbury 11 - Andover 4

Some shabby Andover fielding combined with some timely Tewksbury hitting were the deciding factors as Tewksbury walked away with an 11-4 win.

Andover got on the board early as leadoff hitter Pothier was hit by a pitch and advanced to second on a wild pitch. Glynn managed to reach first when the Tewksbury catcher misplayed a third strike, putting runners on the corners. Mike Moriaty followed with an RBI single up the middle, giving Andover its first run. A wild pitch accounted for Andover's second score.

Tewksbury cut the lead to 3-2 in the third on two unearned runs before Andover picked up an unearned run of their own. That was all the offense Andover could manage for the day as Tewksbury tagged three Golden Warriors for seven runs over the last three innings.

Todd Mustrait went 3 and 1/3 innings before being relieved by sophomore Keith Abernathy who had some early control problems surrendering six walks with yielding four hits. He was relieved by John Glynn who also experienced some mixed results on the mound.

Andover only had four hits as Pothier, Weiner, Moriaty and Abernathy had the safeties.

Opens Andover Dealership

Automobile customers can now do business with a new full-service dealer at 39 Haverhill St., Andover. Village Buick is the area's newest authorized Buick dealer and service center.

In addition to offering Buick's quality line of Century, Electra, LeSabre, Park Avenue, Regal, Riviera, Skyhawk, Skylark and Somerset, Village Buick offers a complete service center, a well-stocked parts department, full-service body shop, leasing services and a wide selection of quality, previously-owned vehicles.

The opening of Village Buick is somewhat of a homecoming for dealer-owner Michael R. Cook, a 1980 graduate of Merrimack College. He is excited about his new venture into the automobile field. Cook now serves as vice president of Auto Use® , an automobile leasing company with a fleet of approximately 8,000 vehicles.

Cook earned his master's degree in taxation from Bentley College. His designation as a certified public accountant in New Hampshire attests to his expertise in financial management and accounting. Cook and his family reside in Windham, N.H. Taking the reins as general manager at Village Buick will be Jim Duda. Educated in management at the University of Michigan and the University of Delaware, he brings the expertise of more than 17 years in the industry to the new dealership. Duda makes his home in Andover with his wife and two children.

Priscilla Hunt and Rick Coco

CENTURY 21 The Hunt Agency, Inc. Expands

A 300% increase from 1985 to 1986 for Century 21 The Hunt Agency, Inc. means that they're doing something right. To insure continued growth and success, the principals took a giant step when they announced a new partnership with Richard A. Coco, who for the last 8 years was highly successful as a co-owner of Century 21 Ahearn & Ahearn in No. Andover. When asked why he would leave his own successful company to join another, Mr. Coco responded, "The Hunt Agency is a sleeping giant. Peter and Priscilla Hunt are true professionals, dedicated to the company's growth and success. In my mind, it was a logical choice if I wanted to continue to grow and prosper."

Priscilla Hunt was recently licensed to sell property and casualty insurance, and life & health insurance as part of Metropolitan Life Insurance Company's master plan for Century 21. Mr. Coco's strength lies in resale homes, while the Hunts' main focus was new construction. Today their inventory of homes for sale is a well balanced mix of new and existing homes. New construction sales require a more technical understanding and knowledge of homes. To this end, their sales force is continuously striving to grow by attending seminars, taking courses, and working hard at giving their best. Both Peter Hunt, a corporate attorney, and Rick Coco are perfectionists. They set high standards for their sales associates, and are proud to say their team lives up to the company's expectations.

Century 21 The Hunt Agency has acquired many new sales associates with successful backgrounds at other Century 21 offices. The new talent has meshed well with the highly motivated existing sales staff. Together they comprise one of the best real estate teams around!

This Spring promises to be a record breaker for Century 21 The Hunt Agency. If you have any real estate questions, call them at 688-4868 or visit them at 522 Chickering Road, No. Andover. It could be the beginning of a long, mutually beneficial relationship!

Imagine That: First and Foremost A Florist

There's no need to wait for April showers to bring May flowers, because at Imagine That you'll find fresh flowers all year long. Imagine That is a full service florist which has recently expanded its capability by taking on a new wire service. FTD is the number one wire service in the country, and now Imagine That brings FTD to you. Imagine That now has the ability to wire flowers anywhere in the world. Just last week they filled a customer's request to wire flowers to Argentina. In addition to FTD, Imagine That continues to offer Teleflora wire services. Teleflora presently is offering "Jolly Jelly Bean" Bouquets for Easter, featuring fresh flowers in a reusable glass preserves jar with a bag of real jelly beans.

For those of you out there who tend to take your secretaries for granted, take advantage of Secretaries Week, April 20-24, and show your appreciation with a gift of flowers. Mother'sDay, May 10, is approaching rapidly, and it's never too early to order a special bouquet.

Happy occasions, such as weddings, are the perfect time to consider the personal service Imagine That provides. They'll stay with the bride from her house, to church, to the reception to insure that everything goes right. Imagine That also handles flower arrangements for funerals, providing the same personal, sensitive touch that goes into all their work.

Imagine That carries a vast selection of silk flowers and baskets. They'll custom design an arrangement for you, or help you select the materials to use yourself. They feature balloon bouquets for any occasion, novelty items for children and babies, and a selection of applique hoops and wall hangings. In short -there's something for everyone. Open 9-5:30 Mon-Sat. Phone 475-8593.

Planners

(Continued from Page One)

for use as part of the planned Emerson College campus.

According to Principal Planner Nancy Jeton, the developers maintain that traffic to and from the site will be about 40 percent lighter than that anticipated from the previously proposed industrial usage. She said that the town has commissioned a traffic study of its own from the Vanasse-Hangen engineering company. The study will be ready before the project's May 10 Comprehensive Permit hearing before the ZBA.

Jeton expressed a concern that, should the Emerson College move not materialize, the land on the Lawrence side of the line could be landlocked by the development. She advised the developers to bring roadway and utility stubs to the Lawrence site.

Board member Paul Curley asked developer Jack Corcoran if the property would remain rental, rather than reverting to condominium usage.

Corcoran said that, by developing under Comprehensive Permit, he would be seeking subsidies from one of several state programs; most of those programs link developers into a set period of rental—such as 20 years.

"What are your zoning aspects that your Comprehensive Permit sort of steps around?" asked Chairman Michael Houghton—a reference to the fact that the permit nullifies local bylaws in exchange for the construction of lower-cost housing.

Architect Donnelly said that there were nine exceptions to the bylaw in all, including an override of height restrictions and the construction of residential units in an Industrial zone.

"Basically, you're responding to Emerson's coming," mused Houghton, adding, "That's my observation; you don't have to respond to it."

Only one resident criticized the plans. North Street's Olivier Goulet observed that, during the recent flood, four to eight inches of water lay on the land adjoining the parcel's road bed. "The land is very, very bad," he said. "Very, very wet."

Board member Carl Byers asked Corcoran if the project presented the "minimum number of units to make the site work out for you, economically?"

Corcoran said that it did. Of the 285 units, he added, 20 to 25 percent would probably be subsidized. He said that, under the three state programs he is considering for subsidy, the state Executive Office of Community Development is likely to include all 285 units, rather than just those that are subsidized, in its calculation of the percentage of lower-cost housing units offered by the town from its total stock. Communities where such housing constitutes 10 percent or more of the total are not required to subject themselves to Comprehensive Permit development.

Summarizing the board's views on the site plans, Chairman Houghton expressed concern over the massing of the buildings. "We have some concern with what the Conservation Commission has to say to you," he added. "Other than that, we find it to be a fairly favorable project."

The board voted unanimously to recommend approval, with conditions to be set by the ConsCom, to the ZBA.

In other business, the board:

• approved preliminary plans for the five-lot "Bakers Meadow Estates" subdivision, off Argilla Road;

• gave a favorable recommendation, with 10 conditions, to site plans presented by Howland Development Co. for two warehousing buildings to be located on Lowell Junction Road. The buildings are planned to total 109,075 square feet of space, and would probably serve existing businesses in the area;

• granted a favorable recommendation to site plans for a 3,000 square foot addition to Dr. Lindsay's veterinary facility, located on Lowell Street, with the condition that landscape screening be implemented before the construction is completed.

Small flat icebergs have been fitted with sails and piloted more than 2,400 miles from the Antarctic to Valparaiso, Chile, and to Cakkaiub, Peru.

The first receivers of telephone calls cried out "Ahoy-ahoy" rather the later greeting of hello.

,opment—a policy the town has long enforced for riverbank land.

For the land in Article 65, Mahony said, "The best sewer access is through Tewksbury—that's why Tewksbury will be involved in this."

Planning Board member Paul Curley lauded both articles as "one more avenue to retain control of our own destiny." He noted that Comprehensive Permit applications, which "threaten to destroy 25 years of careful, thoughtful planning" on the part of the town, have had little effect on Andover's low-cost housing shortage.

Hidden Road resident Debbie Moggio spoke emotionally and at length against Article 65. "This parcel is, by normal standards, not even in Andover," she said. The land was reached by a narrow road through Tewksbury; children who needed to be bused to Andover schools had no walkway to their pickup point on Burtt Road.

By using the parcel, she concluded, Andover was foisting its low-cost housing problems onto another community.

She added that, when she had walked the land, she had noted that it is also crossed by high-tension electrical wires.

"I don't care, ultimately, how the Town Meeting votes on this article," she said. "I simply want you to know what you're voting on."

"There are problems on this land," Town Manager Mahony agreed, "but there are problems that would be solved by this land."

York Street resident Bob Wescott asked what the incentive for private development of the land would be, given that the price of the units would limit profits from their sale.

Mahony said that incentives would include state land cost write-downs and utility subsidies, a relaxation of density requirements, and a smoother road through development-related processes.

When the vote came to 257 to 78 in favor of Article 65, Moggio called for a quorum count. Officials sealed the entrances and tallied a voting populace of 356, to cheers from proponents.

The second parcel targeted for town-monitored development, 67.52 acres bounded by the Boston and Maine railroad tracks, Haverhill Street, and the Lawrence town line, received an even warmer reception. Article 66 passed by a 326 to 17 vote.

Other business transacted at the third session of Town Meeting included:

- the appropriation of $50,000 to complete the installation of street lights in Shawsheen Village, originally approved at the 1985 Town Meeting;
- passage of two articles, with appropriations totalling $8,100, to support the televising of public meetings on the Cable community access channel;
- the acceptance of Governor's Drive, Montclair Avenue, Penni Lane, Seten Circle, Blackberry Lane, Teaberry Lane, Parthenon Circle, Pride's Lane, Pride's Circle North and South, and Bayberry Lane as public ways;
- the appropriation of $30,000 to install four-way pedestrian crossing lights at Elm Street.

Pony Express

Horseback riders of the Pony Express once carried United States mail between St. Joseph, MO., and Sacramento, Calif. The service began on April 3, 1860, following the Oregon-California Trail, a 1,996-mile trip that took about ten days. Relay stations stood ten to 15 miles apart along the route, tended by keepers who took care of the ponies. As the rider approached the station, the keeper brought out a fresh horse, saddled and ready to travel. The rider jumped from his horse, grabbed the mail and was on his way again in two minutes' time. Riders usually carried only two revolvers and a knife to defend themselves against attacks by Indians and bandits and rode day and night in all kinds of weather.

Ireland Featured In Film

The Potpourri Film Series for the week of April 20-23 will feature two films, "Ireland," emphasizing the varying physical characteristics of Ireland and their influences on its people and economy, and "Zooms on Self-Similar Figures," showing computer art with insights into many philosophical levels of infinite space. This 30-minte program will be shown on Monday at 10 a.m., Tuesday at 2 p.m., Wednesday at 4 p.m. and Thursday at 7 p.m. on the Andover Public Access Channel 11.

Stamp Show

Philatelic Show 87 will be at the Sheraton Boxborough Inn and Conference Center May 1-3.

The Northeast Federation of Stamp Clubs, sponsors of the show, have reserved 50 free display frames for junior exhibitors, will admit juniors 18 years of age or under at no charge and will feature programs designed to attract young people to a family hobby which bridges the generation gap.

Those who enter the fascinating world of stamp collecting for the first time at the show will learn that the number of stamps, "The Calling Cards of Nations," produced each year would stretch from earth to the moon, that a woman once designed a dress for a ball consisting of 30,000 stamps, that Benjamin Franklin and Abraham Lincoln were postmasters, as well as many other interesting facts.

An Enchanting Countryside That's Years Behind Its Time.

From the $140's.

The setting for The Meadows is nineteenth century — the old Anderson Farm, a sweep of meadowlands and rolling hills with apple trees, blueberry bushes, stone walls, country paths and a 10-acre pond. Yet you enjoy today's resort-style living — ice skating and boating, tennis, swimming, jogging on a fitness trail, and clubhouse activities.

Ashwood Homes quality. Spacious cape and ranch-style condominium homes, connected by breezeways at the garage, have a detached feeling. Living areas are light and open, with European kitchens as great rooms, cathedral ceilings, skylights and decks. Quality touches are reflected everywhere: brick entry steps, cedar siding, masonry fireplaces, central air, gas heat and an energy-efficient design.

Easy access to Boston. Return to another era, just a mile from Rt. 93 and a convenient commute to Boston. Visit The Meadows today.

The Meadows is developed and built by Ashwood Homes of Nashua.

Schruender Real Estate

STRUCTURAL CONTINGENCIES

You've just found the perfect house, but it's important to remember that it's probably not quite perfect. To help you make an informed decision about buying it, you can seek the help of a structural inspector who can go over the house from basement to roof.

A good structural expert can give you crucial information about the plumbing, wiring, heating and air conditioning systems, and will also check the roof and tell you how to keep your basement dry. He can give you a good idea of the age and life expectancy of the various appliances, and help you set up a long-term budget for replacement and repairs. He can also show you how important features, such as how the water cut-off valve and circuit breakers or fuse box operate and where they are located. Your Realtor can show you how to include a structural contingency in your purchase agreement and can tell you how to contact several of these experts in your area.

Remember that your home purchase is a major investment, and the cost of an inspection will be worth the peace of mind.

For professional advice on buying and selling property, contact **Realty USA / Schruender Real Estate.** Please call us at **685-5000,** or stop by our offices at 73 Chickering Road, North Andover.

Real Estate

By DOUGLAS N. HOWE

REALTOR

THE LEASE BUYOUT

Here is the problem. You have decided to buy a two-family house jointly with a relative. The price is right, but only one half of the house will be available at the time of purchase - the seller's half. The tenant still has six months to go on his lease and plans to remain. You want to occupy both units at the time of purchase. Is there a solution?

Since you do not desire to wait out the rental term, a solution to the problem could be a lease buy-out. The tenant under lease will obviously know that the lease will not be renewed, however, he might be agreeable to vacate if offered a cash inducement to do so. Lease buy-outs are very common in commercial real estate and might be applicable to this situation.

By purchasing property with the assistance of an experienced residential agent, you gain considerable advantage in working with someone who can negotiate both with the seller and with existing tenants to suit your objective.

Executive Session Precedes Action On Tenure Elections

By Karen L. Day

While Bancroft employees gathered for the School Committee meeting Tuesday night in a show of support for Principal Iora Alexander, the committee attempted to decipher fact from fiction in an emergency executive session that delayed the regular meeting for nearly an hour.

According to Superintendent of Schools Kenneth Seifert, there had been public discussion about whether or not Alexander should receive tenure and that various rumors began to circulate. Committee Chairman Susan T. Poore called the emergency session in order that the rumors could be addressed before the committee was required to vote on Alexander's tenure during the regular meeting.

During the executive session, all present, including committee members, Seifert, Assistant Superintendent Lois Haslam, West Principal Jack Coyle and Iora Alexander herself, spoke their minds on the issues at hand, said Poore. "No one left that room until we'd said all we had to say," she commented in her apology for the delay.

Poore explained that letters and petitions in favor of Alexander's tenure were received from the staffs of both Bancroft and West Elementary, the Andover Administrative Association and the President of the Bancroft Parent-Teacher Association, and these were discussed during the executive session.

The chairman pledged to the community that the committee would "deal with all issues that arose" during the session and that everyone came to the realization that they would have to work together in this endeavor.

Poore added that she felt that "Iora is a stronger person for what she's gone through." The committee then voted in favor of Alexander's tenure—although not unanimously—the vote being 4-0-1, with committeeman David Birnbach passing.

Birnbach passed on the votes for tenure for both Alexander and Pupil Personnel Administrator Mary French, commenting that it was no reflection on the candidates, but an expression of discontent with the tenure process.

Birnbach felt that he was not provided with adequate information regarding the individuals and their service to the system from the administration. He commented that he was simply told "things are going well." According to Birnbach, "that's not enough." He added that "my confidence in working with the administration is real low...I had no information."

Birnbach feels that tenure is given almost without thought, but Seifert contended that the administration does have an evaluation process in place and that if the evaluation of a candidate were not favorable, he would not be recommending tenure for an individual.

Seifert later commented "something constructive can come out of this" and that "a more detailed evaluation process" may be the result of discussions by members of the committee. Although the central administration has an evaluation process in effect at present, the committee now feels it necessary to develop their own process for such candidates.

Housing Partnership Group Meets

Andover Housing Partnership Committee will be held next Tuesday evening, April 21, at 7 p.m. in the Conference Room on the third floor of the Town Office Building.

Town Manager Kenneth Mahony will speak to the group and guest speakers will be Thomas Gleason and Owen Cardwell, representing the Massachusetts Housing Partnerhsip.

At this meeting, the committee will begin to establish goals and objectives and develop procedure for the group which will make either a positive or negative recommendation to the state for funding of proposed housing developments in town that will allot a portion of units to "affordable housing" needs.

The group will also establish a meeting schedule and elect officers.

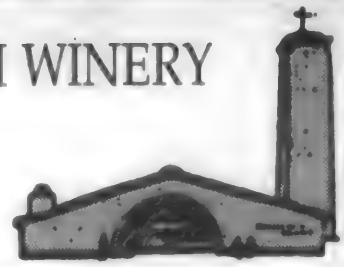
LES AMIS DU VIN

WINE OF THE MONTH

ROBERT MONDAVI WINERY



1985
Cabernet Sauvignon Napa
Reserve

Focus on Wine Futures

What are wine Futures?

Wines that are offered, and paid for, at significantly discounted prices 24 months before their actual release.

When should you buy futures?

You should buy futures when, first, you wish to insure getting a vintage of exceptional merit before it is depleted, second, when you want to secure a product with a proven track record, and third, when you are sure the eventual retail price will be significantly higher.

1985 California Cabernet Sauvignon.

1985 for California Cabernet is one such vintage. Bud break, which marks the beginning of development of the vine's fruit, had its earlieststart in history (!) insuring a long and unique growing season. The vintage is being heralded as the best since (and as remarkable as) the legendary 1974 vintage.

Robert Mondavi Cabernet Sauvignon Reserve 1985.

Robert Mondavi, who hardly needs an introduction as one of California's finest producers of cabernet sauvignon has offered his 1985 Reserve Cabernet to be sold on a futures basis in April. The Mondavi label insures its success. Quantities are very limited and the wine will very likely be sold out soon. An early tasting convinced us that you, our customers, should have the first opportunity to participate in this futures program. Our assessment below should assist you in understanding the benefits of this unusual offering.

Current Retail prices for Robert Mondavi Cabernet Reserve

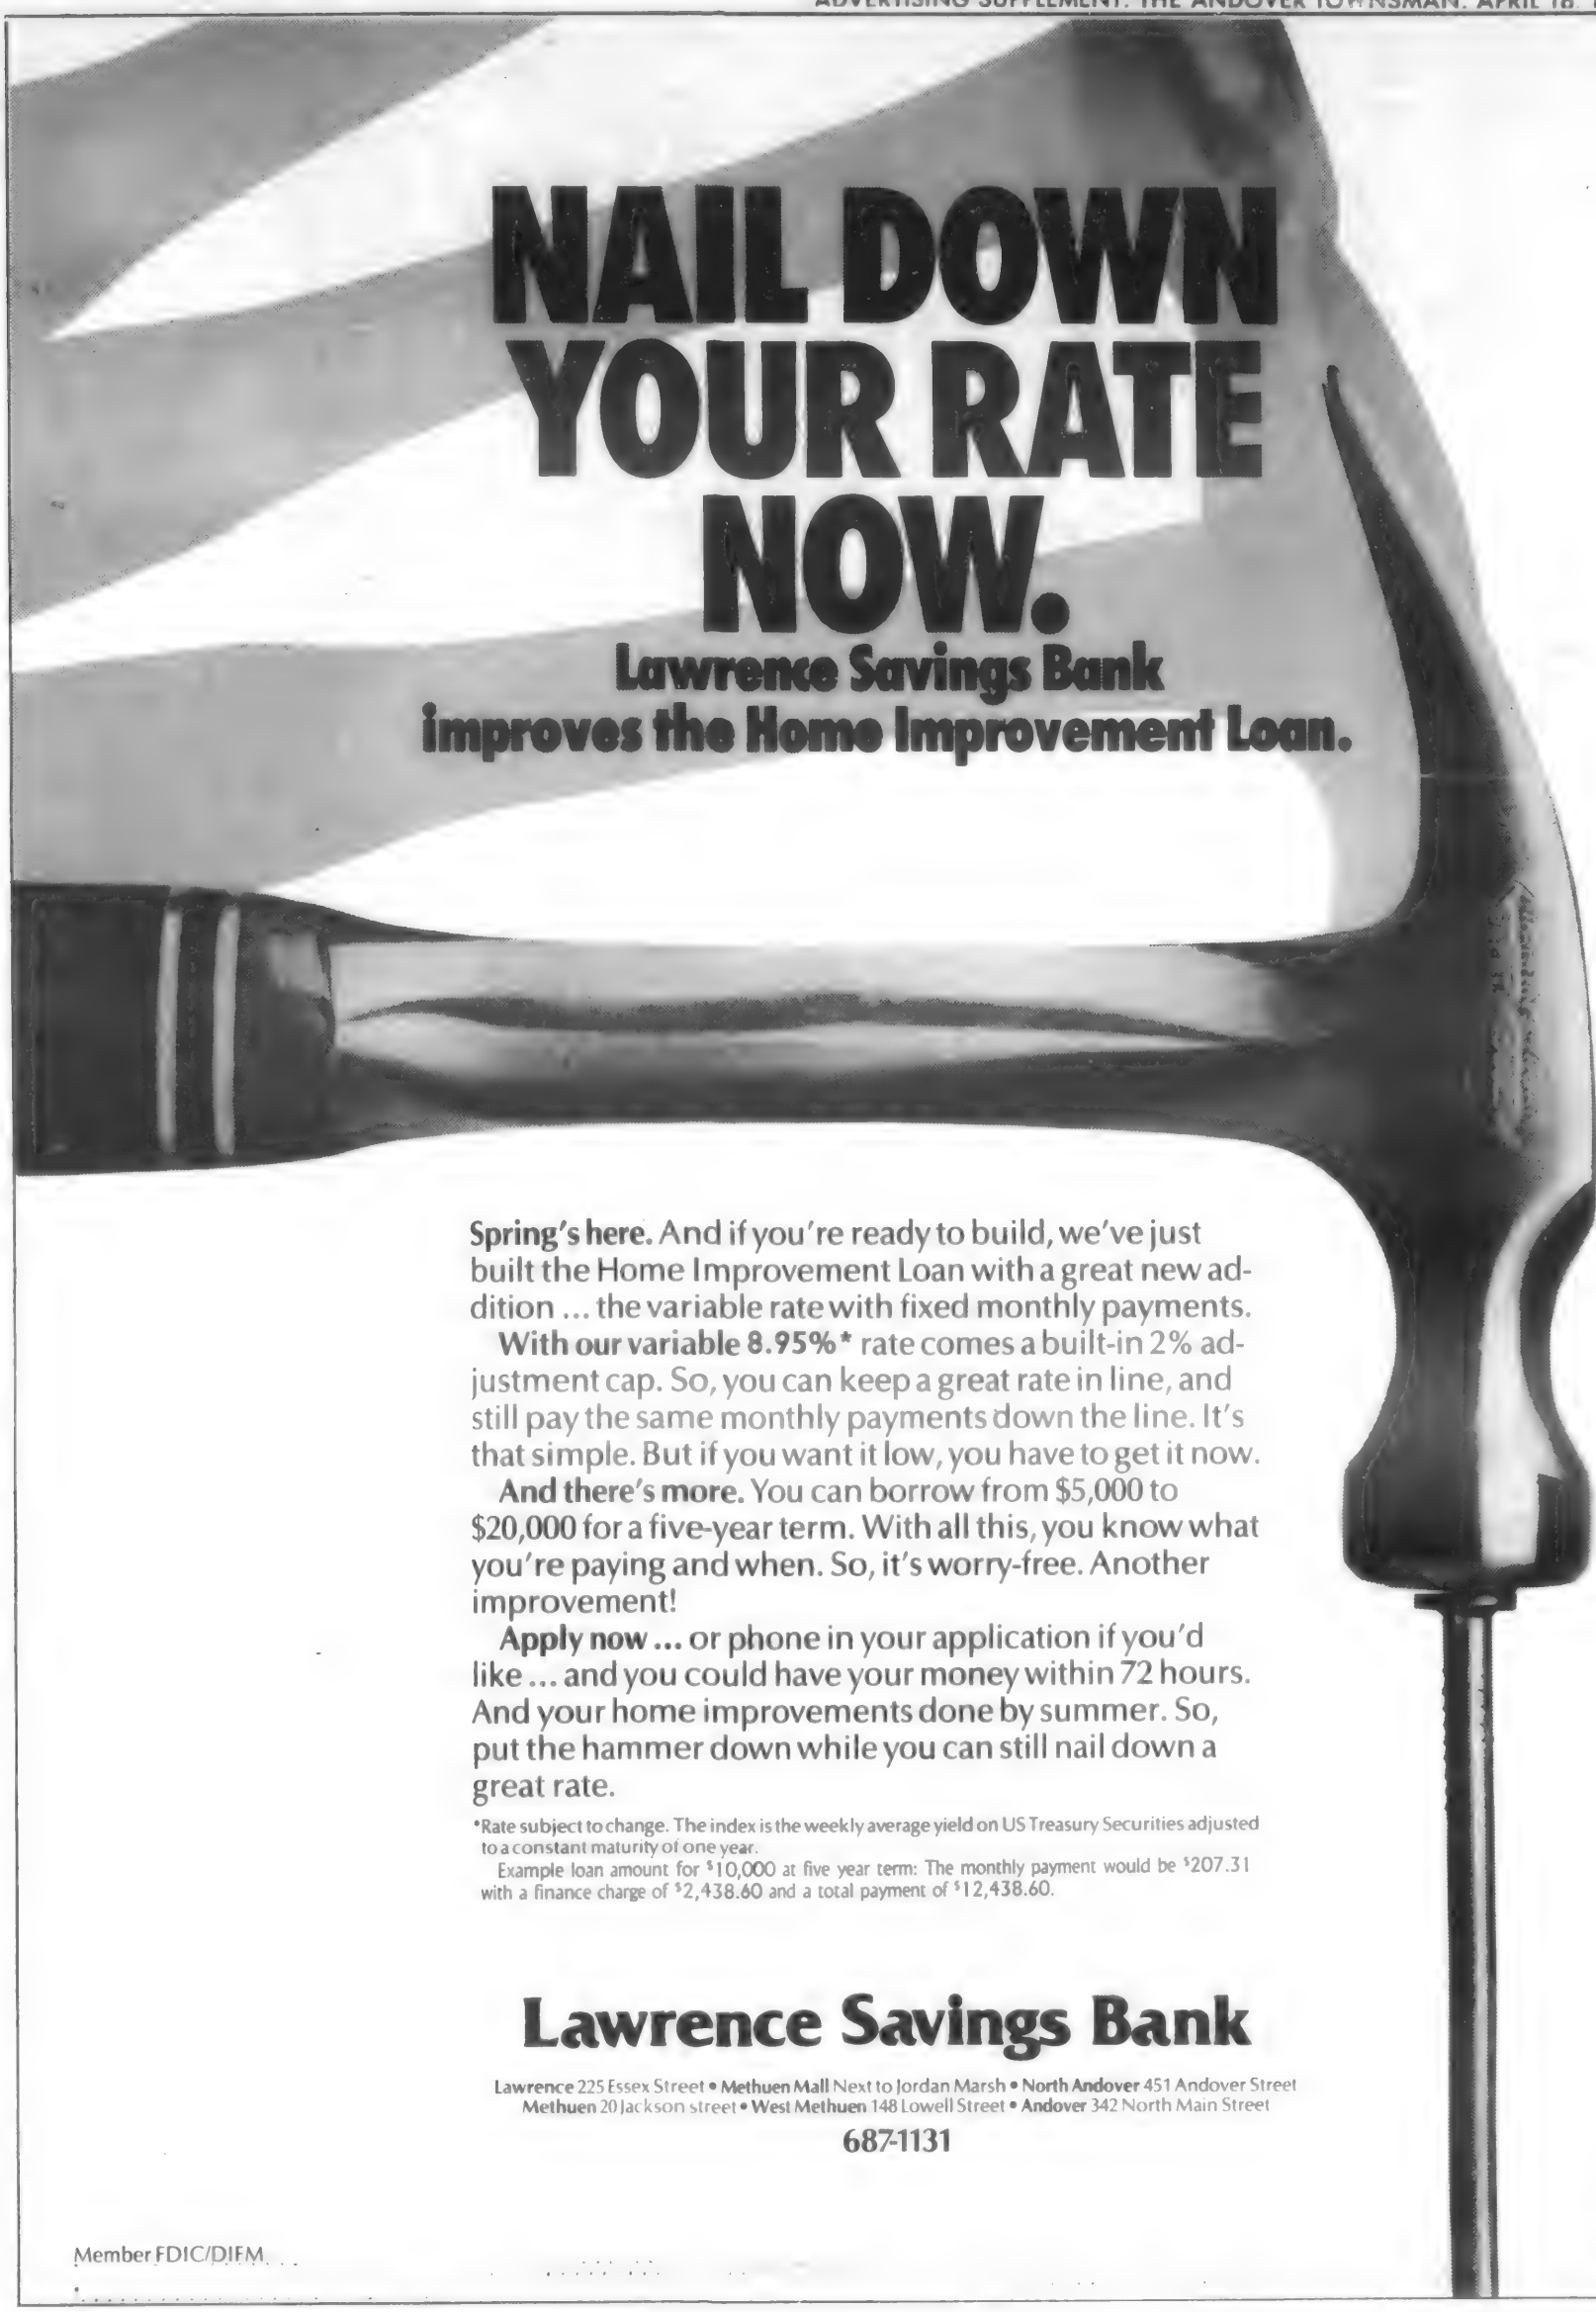
NAIL DOWN YOUR RATE NOW.

Lawrence Savings Bank improves the Home Improvement Loan.



Spring's here. And if you're ready to build, we've just built the Home Improvement Loan with a great new addition ... the variable rate with fixed monthly payments.

With our variable 8.95%* rate comes a built-in 2% adjustment cap. So, you can keep a great rate in line, and still pay the same monthly payments down the line. It's that simple. But if you want it low, you have to get it now.

And there's more. You can borrow from $5,000 to $20,000 for a five-year term. With all this, you know what you're paying and when. So, it's worry-free. Another improvement!

Apply now ... or phone in your application if you'd like ... and you could have your money within 72 hours. And your home improvements done by summer. So, put the hammer down while you can still nail down a great rate.

*Rate subject to change. The index is the weekly average yield on US Treasury Securities adjusted to a constant maturity of one year.

Example loan amount for $10,000 at five year term: The monthly payment would be $207.31 with a finance charge of $2,438.60 and a total payment of $12,438.60.

BayBanks home equity line of credit just keeps getting better,

More Massachusetts homeowners have a revolving home equity line of credit with BayBanks than with any other bank. And now BayBanks REAL Credit™ is getting even better. Making it easier and more convenient for you to use the equity in your house for the things you need today—and in the future.

and better,

With a new credit card option.

Until now, the only way to access most home equity lines of credit has been by writing checks. Now, with BayBanks REAL Credit, you can also select a credit card option.* And, all your borrowing will be at our low REAL Credit rate—only 1½% above BayBanks Prime Rate. By choosing either a Preferred Visa® or Gold MasterCard® to access your REAL Credit, you'll have the added convenience of a credit card for travel, entertainment, or shopping.

Plus, you can access your REAL Credit line 24 hours a day at over 700 X-Press 24® automated tellers in Massachusetts and New Hampshire, and at over 15,000 CIRRUS® locations throughout the United States and Canada. Now you can choose to access your home equity line of credit, up to your credit limit, by writing a check *or* using the optional credit card.

and better,

The first with a choice of borrowing terms.

Until now you have had to choose between a revolving home equity line of credit or a fixed-rate home equity loan. Now BayBanks gives you the best of both—with a single line of credit.

With BayBanks REAL Credit, you'll enjoy all the convenience of a revolving line of credit. And, for the first time, you have the flexibility of converting a portion of your credit line to a fixed-rate home equity loan. This option lets you lock in an interest rate for the term you choose.

And, you can make this choice anytime. You may want to take advantage of this option for large expenses, such as buying an automobile, paying for college tuition, making home improvements, or for any other reason such as debt consolidation.

And, best of all, the remaining portion of your REAL Credit line will be available for your use at any time. When your fixed-rate loan is paid off, your REAL Credit line is automatically restored to the original amount.

and better,

With our best consumer rate.

BayBanks REAL Credit is one of the most affordable ways to borrow. The variable interest rate is set at only 1½% above the BayBanks Prime Rate and is adjusted monthly. For example, when the Prime Rate is 7.75%, the REAL Credit Annual Percentage Rate is only 9.25%.

and better.

With REAL savings.

Now, under the new tax laws, a home equity line of credit may be one of the few remaining interest tax deductions still available. Consult your tax advisor to determine how the tax laws will affect you.

You can also save $300 or more when applying for BayBanks REAL Credit on your first or second home in Massachusetts. You pay *no* application fee, *no* appraisal fee** and *no* attorney's fee if you have a BayBanks checking, NOW, Capital, or Money Manager Account.

BayBanks REAL Credit is the most convenient, flexible way to borrow for the things you need today—and in the future.

To apply, just stop by any of our more than 200 offices conveniently located throughout Massachusetts, or call one of the Customer Service Centers listed below.

BayBanks®

IT JUST KEEPS GETTING BETTER.™

Customer Service Centers: BayBank Boston 648-8330, BayBank First Easthampton 586-8600, BayBank Harvard Trust 648-8330, BayBank Merrimack Valley 475-3620, BayBank Middlesex 387-1808, BayBank Norfolk Trust 461-1740, BayBank Southeast 1-800-447-6800, BayBank Valley Trust 781-7575.

*The annual fee for the credit card option is $75. **Our estimate of the value of your home will be based upon your most recent property tax bill. If you request a line of credit for more than the difference between the assessed value of your home and your current mortgage balance, an appraisal fee will be charged. Lines in excess of $100,000 are also available with an appraisal fee.

"If you have one of these,

you can join the Revolution."

There's a Revolution going on in Typesetting and Eagle-Tribune Printing is leading the way.

Desk-top Publishing and Disk Conversion have revolutionized the way copy is typeset. The fact is that if you are currently working with a word processor or computer, you may already have the power of typesetting at your fingertips.

With the help of Eagle-Tribune Printing, you can convert your copy into typeset quality letters, brochures, reports, magazines, and even books faster and more economically than you ever thought possible.

You'll save most of the expense and time of typesetting because you've already done it!

Eagle-Tribune Printing has teamed up with Shaffstall, a leading name in disk conversion and telecommunications systems and Ventura Publishing from Xerox to make high quality Desk-top Publishing a reality for you.

Call Eagle-Tribune Printing at 685-3100 or contact your Eagle-Tribune Printing representative to see what our Disk Conversion and Desk-top Publishing systems can do.

Why lease a car from Regan Ford?

- ★ We specialize in leasing Ford vehicles and any other vehicle make—foreign or domestic.
- ★ We have four highly competitive, national "Lease-To-Own" Programs.
- ★ Group Insurance & Maintenance are available.
- ★ Monthly lease payments are significantly lower than monthly finance payments and cash outlay is limited to first payment and a refundable security deposit.
- ★ Another great advantage of leasing is that you can have a vehicle with the options you really want, but perhaps could not afford under our standard retail plan. Even luxury cars are affordable under our lease plans.

PORSCHE

PARK TECHNICIANS PERFORMANCE PROFESSIONALS

"A Porsche deserves to be taken care of by honor students."

In order to work on a Porsche, it is not enough to know the car a little; you have to know the car! Porsche thinks that training is important, so important that Porsche technicians have to come to training in regular intervals. The curriculum is very extensive. From "A" like Automatik (automatic) to "Z" like Zündung (ignition).

Participation in Porsche schools is limited to technicians from authorized Porsche dealers only. Another good reason to let no one else touch your car.
